Automation

Bring business productivity to the next level.

Base

Fast, Secure HD Remote Access
Best-in-class unattended remote access allowing IT professionals to eliminate any on-site visits and provide on-demand support without end user interruption.

Automation

Feature	Benefit
One2Many Automated Task Management Install software, distribute files, run scripts and automate manual tasks across multiple computers simultaneously	• A mass deployment tool that offers automation, machine maintenance, and task delivery • Deploy and automate routine IT tasks to increase productivity, optimize resource allocation, and maximize security • Take back your time and be an IT hero with automated task management capabilities • Automate manual tasks and get back to the bigger projects that matter most • Reduce IT cost and save time by automating redundant, manual processes
Advanced Scripting Run PowerShell, a more powerful command-line shell and scripting language across multiple computers simultaneously	• Eliminate repetitive tasks and run scripts, install software, and push files to multiple computers at once • Save time and reduce IT cost by running CMD or PowerShell commands across multiple computers at the same time
Proactive Alerts Set up, monitor, and take action on alerts	• Take your IT support from reactive to proactive • Receive critical system alerts in real-time and address potential issues before they occur • Monitor computer health and take action on alerts to resolve concerns before they become problems • Monitor any software/hardware changes including hard drive errors and stay ahead of risks • Set up alerts for performance (CPU), maintenance (folder size, file size), and general supports (if a user installed software, missing hardware)
Self-Healing Alerts Combine proactive alerts with One2Many automated task management	• Combine proactive alerts with One2Many to prevent the need to address the same issue more than once • Enable common problems to solve themselves • Add solutions ahead of time, allowing the alert to solve the problem without any human intervention
Premium Customer Support Advanced training, onboarding, and support provided by our product and customer success team	• Receive personalized training and onboarding from a Customer Success Manager to ensure you're getting the most out of Central* • Receive access to a premium customer support phone number that's managed by a team of U.S.-based account managers** • Receive access to quarterly Master Class trainings and Expert Hours hosted by our product and customer success teams *Minimum purchase of $5,000 required **Purchase 3 modules
