# Best In Class Antivirus for GoToMyPC Customers

## Introducing LogMeIn Antivirus Powered by Bitdefender

GoToMyPC's antivirus solution protects your computers from known and unknown threats, including malware, viruses, and sophisticated online threats. LogMeIn Antivirus powered by Bitdefender will be included in your GoToMyPC subscription at no additional cost.

If you currently pay for an antivirus solution, consider replacing it with LogMeIn Antivirus powered by Bitdefender to consolidate your software solutions and save yourself time and money.

If you rely on a free antivirus solution, consider upgrading to LogMeIn Antivirus powered by Bitdefender to improve your security and avoid becoming a victim of a cyber-attack.

*Real-Time Protection*

*Enhanced Security*

*Sophisticated Scanning*

## What to know about LogMeIn's new partner Bitdefender:

- When it comes to securing your computers, inaction is unaffordable.
- Over the last five years, the number and cost of cyber-attacks for small businesses has been on the rise.
- 61% of small businesses reported a cyber-attack in the past 12 months, up from 55% the previous year.
- The cost of an attack or breach is roughly $1M for SMBs, and over half go out of business within 6 months as a result

## Why Free Antivirus Solutions Don't Cut It Anymore:

- Global cybersecurity leader
- 500M+ systems protected in 150+ countries
- Outstanding Product Award by AV-Comparatitives
- Best Performance, Protection & Repair Award by AV Test

## When will LogMeIn Antivirus be available?

LogMeIn Antivirus will be rolled out to all GoToMyPC customers in March.
